15 September 2022

Dear all,

Bus recovery funding extension

I am writing to set out further details relating to the announcement on 19 August of a further extension to the Government's bus recovery funding.

As you know, the extension will apply from 5 October 2022 and will end on 31 March 2023. For the first three months of the scheme from October to December, the extension will continue on the existing terms and conditions of the Local Transport Fund (LTF). I can confirm the following arrangements for this period:

- Local Transport Authorities (LTA) will continue to receive funding on the same basis as the LTF unless they have been told otherwise. This will mean that no LTA should expect to receive a reduction in funding.
- The allocations LTAs will receive for the first three months of the scheme are attached at Annex A. This is the same as your previous LTF allocation for the period up to 5 October, pro-rated for three months.
- Allocations for Transport for the West Midlands, Transport for Greater Manchester and South Yorkshire Passenger Transport Executive are not included in the Annex due to unique circumstances and these will be communicated separately.
- We will confirm when LTF allocations for these three months will be paid shortly.
- LTAs will not be required to conduct further network reviews as a condition of receiving this funding.

We will also be writing to bus operators to set out allocations and to confirm the arrangements for the commercial elements of the BRG. As per the existing terms and conditions, this will include operators maintaining a minimum service level of 80% (unless agreed with LTAs due to exceptional circumstances) to receive this funding.

For the remaining three months of the extension from January to March, we are considering how best to allocate funding to the areas that need it most. We will be working with LTAs on how we can adjust our processes to deliver this. Prior to making any changes to allocations, we will communicate these to you and any affected LTAs.

If you require any further clarification on the arrangements set out above, please contact the Department at BRG@DfT.gov.uk.

I would like to thank you for your continued engagement and patience as the Department continues to work through these issues. We will aim to communicate next steps on the final three months of the BRG extension as soon as possible.

Yours sincerely,

Matt Crane
Deputy Director, Bus Funding Division

Annex A – LTF Allocations – October – December 2022

REGION	LOCAL TRANSPORT AUTHORITY	October-December 2022 allocation
