

Question from O&S Lead Member for Transport Committee

Item	Question	Response
Local Transport Plan and Low Emission Vehicles Strategy	There are no details on the Low Emission Vehicles Strategy in the report. I presume that this waiting input from the Climate Change Commission. I would ask that details are made available at the earliest opportunity, so that this can be built in the O & S work programme for consideration	
Performance & Finance Report	On the Capital Budget section of the report, page 60 table 3.5 shows a year to date spend to the end of January 2021 of £555k. There is a full year forecast of £2,163.3k. There is no narrative to explain what the additional £1.5m will be spent on.
