

Terms of Reference April 2019 (Version 1.0)

Review Date – April 2020

Status of the Terms of Reference

The Terms of Reference (“**ToR**”), which are in draft until they are approved by the LEPs and CPCA, will form an Appendix to the Accountable Body Agreement dated **23rd October 2019** between the Cambridgeshire and Peterborough Combined Authority and the Greater South East LEPs and/or lead local authorities (the “**Agreement**”).

The ToR set out the purpose and structure of the Greater South East Energy Hub Board and the Energy Hub Operational Team.

The Agreement sets out the governance arrangements between Cambridgeshire & Peterborough Combined Authority (the “**CPCA**”) and the Greater South East regional LEPs and lead local authorities (the “**LEPS**”).

Status of the Decision-making Process

The decision-making process appended to this document has been reviewed by BEIS and is agreed by the five (5) Regional Energy Hubs Boards and Accountable Bodies. However, it sits outside of the ToR and may be updated by the Greater South East Energy Hub (the “**Energy Hub**”) with the approval of the CPCA and the Greater South East Energy Hub Board.

The Energy Hub Project Assessment Framework sets out the processes and criteria for Energy Hub project support and Rural Community Energy Fund grants.

1. Introduction

The Department for Business, Energy and Industrial Strategy (BEIS) has identified that there are a number of local energy projects within LEP areas that are not developing to the point of delivery; either because they do not meet mainstream investor criteria or there is lack of human resource and technical expertise to deliver them.

BEIS allocated £1.6m for Energy Strategy development by LEPs with the first tranche of thirteen (13) LEPs receiving a total of £600K in March 2017 with the remaining twenty-five (25) LEPs in England offered £1m in September 2017. One of the main outcomes of the strategies was to identify a pipeline of energy investment opportunities for each LEP area.

Following on from the strategies and as part of the Local Energy Programme, BEIS allocated funding to support the capacity of LEPs and local authorities to play a leading role in delivering low-carbon economic growth. The model for the delivery of this support was the establishment of five (5) regional Energy Hubs in England to support the capacity of LEPs and local authorities to deliver energy projects.

Each Hub has been set up to serve a number of LEP areas which were agreed by mutual consent with the constituent LEPs, with the expectation that the LEPs work closely with their local authorities in the process of setting up and working with the Hubs. The Hubs in turn would work on behalf of all the LEP areas served and their member local authorities, it is a requirement of the BEIS for governance arrangements to be agreed in support of this.

The Hub Board was formed in November 2017 to establish the Greater South East Energy Hub, comprising the consortia of eleven (11) LEPs/lead authorities in the Greater South East. All LEPs were able to put forward proposals for hosting the Hub (as Lead Authority and Accountable Body for the Section 31 grant). The CPCA became the Accountable Body by mutual agreement in March 2018. The Energy Hub was set up in April 2018 and became operational in September 2018.

The Energy Hub is to be funded by BEIS for an initial period of three (3) years, as detailed in the Local Energy Capacity Support Memorandum of Understanding entered into by BEIS and the CPCA (the “**MoU**”) and the Variation to MoU (26/3/19).

The Energy Hub will administer the Rural Community Energy Fund for a minimum period of two (2) years as detailed in the Rural Community Energy Fund Memorandum of Understanding entered into by BEIS and the CPCA (the “**RCEF MoU**”).

2. Objectives of the Greater South East Energy Hub

The key objective of the Energy Hub is to work collaboratively with LEPs and their member local authorities across the greater south east area to co-ordinate the identification and prioritisation of local energy projects and to undertake the initial stages of development for priority projects up to a point where investment can be secured. The governance structure of the Energy Hub allows for decisions to be made at a local level and to be aligned with local strategic priorities. The Energy Hub will seek to:

- a) Increase the number, quality and scale of local energy projects being delivered;
- b) Raise local awareness of the opportunity for and benefits of local energy investment;
- c) Enable local areas to attract private and/or public finance for energy projects;
- d) Identify options for the Energy Hub model to be financially self-sustaining after the funding period.

3. Hub Board and Operational Team Structure

The Energy Hub will operate under an Energy *Hub Board* (the “**Hub Board**”) and an Energy Hub *Operational Team* (the “**Operational Team**”). The ultimate purpose of this dual arrangement is to ensure that the Energy Hub delivers the required quality outcomes outlined in the MoU and the Local Energy Strategies and responds appropriately to changing requirements of both the LEPs and the operational environment.

4. Hub Board Roles and Responsibilities

The Hub Board is the strategic body responsible for taking decisions on Energy Hub business and programme activity. Any alleged breach of the Hub Board member code of conduct will be dealt with under the Combined Authority's Member Complaints Procedure.

13. Grievance Procedure

There are three (3) key points for the grievance procedure:

1. Issues must be dealt with promptly and consistently;
2. The LEPs should have an opportunity to put their case to the Hub Board; and
3. The decision of the Hub Board will be final

The Procedure

i. Raise the grievance in writing

- a) If a LEP has a grievance the LEP Representative should raise it with the Hub Board without unreasonable delay, and within one (1) month of the incident which gave rise to the complaint. The LEP Representative must provide the Hub Board with details in writing of the specific circumstance or circumstances which constitute the grievance, with dates, etc.

- e) Having considered the grievance, the Chairperson of the Hub Board will give her/his decision regarding the case in writing to the LEP Representative within five (5) working days. If appropriate, the decision will set out what action the Hub Board intends to take to resolve the grievance or if the grievance is not upheld, will explain the reasons.

14. Accountable Decision Making

Local Energy Capacity Support

All LEPs have set a strategic direction for their respective areas through a Local Energy Strategy. Funded by BEIS in 2017/18, energy strategies were required to provide strategic fit with BEIS policy, (energy related aspects of the Industrial Strategy and the national trajectory for decarbonisation and clean growth) and align with other national and local energy and low carbon policy. The Energy Strategies were signed off at LEP Board level after consultation with all the key engagement groups.

In the Greater South East Hub region there are six (6) Local Energy strategies:

- Local Energy East, a tri-LEP strategy for CPCA, NALEP and Hertfordshire LEP;
- South2East a tri-LEP strategy for SELEP, C2C and EM3;
- Oxfordshire LEP
- South East Midlands LEP
- Thames Valley Berkshire LEP
- Buckinghamshire LEP

LEPs also have responsibility to set strategic direction through Strategic Economic Plans and emerging Local Industrial Strategies.

These strategies form a key element of the Energy Hub's decision making for Local Energy Capacity Support, as for a project to be supported it must contribute to the achievement of strategic priorities and benefit multiple LEP areas.

The decision-making process for Local Capacity Support is governed by the Local Energy Capacity Support Project Assessment Framework.

Rural Community Energy Fund

The Energy Hub, as part of the BEIS Local Energy Programme was allocated Rural Community Energy Funds (RCEF) to further the objectives of RCEF across the Greater South East. The RCEF is a scheme which provides funding to rural communities in England to develop renewable energy projects which provide economic and social benefits to the community. The Energy Hub will appoint a Rural Community Energy Fund Manager who will provide support to communities in developing grant applications and managing funded studies. The Energy Hub will offer funding to support successful applicants to the RCEF fund by either:

- i) Stage 1 Feasibility Grants – up to £40K;
- ii) Stage 2 Grants – up to £100K for business development and planning of feasible schemes. Each community receiving funds would need to provide a) resources to Community Energy England for sharing across all new schemes; and b) support the Local Energy Hub on engaging other communities to develop a peer-to-peer support network to further build capacity at a local level.

The main objectives of the fund are to:

- i) increase the uptake of the RCEF scheme;
- ii) increase the number of rural communities engaged;

- iii) monitor the impact of communities of projects funded, included but not limited to:
 - a. Jobs created
 - b. Volunteers engaged
 - c. MW produced

The Hub Board will:

- a) set up a **'Funding Panel'** to review applications and make recommendations to the Hub Board which shall include one (1) or more Hub Board members, with the exception of the GLA Representative, as nominated by the Board. The Funding Panel shall include representatives from several local authorities. A BEIS official shall be present on the Funding Panel to represent the views of BEIS and ensure the criteria for RCEF are met;

The decision-making process for the RCEF will be governed by the RCEF Programme Management Framework that is aligned with the CPCA Assurance Framework.

15. Operational Team

The Operational Team is employed on behalf of the consortium by the CPCA and perform the tasks assigned to it as per the programme objectives set by BEIS and the Hub Board.

The Regional Hub Manager (the **"Regional Manager"**) is the senior responsible owner for the Energy Hub and the CPCA Section 73 Officer acts as the Chief Finance Officer.

The Regional Manager reports to the Hub Board, the Combined Authority's Director for Business, Skills & Energy and BEIS.

The Regional Hub Manager will provide, for Hub Board approval, the Energy Hub:

- Risk Register (agreed);
- Any other framework or plan required by the Hub Board.

The Regional Hub Manager will have freedom to deliver and act on behalf of the Hub within the scope of the Hub Board approved plans and frameworks. This includes the delegation of technical consultancy allocation of up to £5K and discretion to reallocate up to 1% of the Local Capacity Support grant budget between cost centres.

The Regional Hub Manager provides monthly and quarterly progress and performance reports for BEIS for the Local Capacity Support Grant and RCEF. All reporting and minutes from meetings of the Regional Leads from the five (5) Local Energy Hubs will be shared on the Hub Board SharePoint site hosted by the CPCA.

The Regional Hub Manager will provide operational and financial reports for each Board meeting

The Operational Team is managed by the Regional Hub Manager and comprises energy specialists and support staff and – at their discretion – key subcontractors. The Operational Team are responsible for the development of the project pipeline, delivery of the RCEF, day-to-day delivery of the programme, dealing with technical delivery matters, financial monitoring and compliance, interaction with BEIS and stakeholders.

The Regional Hub Manager provides the secretariat to the Hub Board, minutes are taken by the Hub Support Coordinator; programme and local capacity support is provided from across the Operational Team. The Rural Community Energy Manager will support the delivery and administration of RCEF. The CPCA corporate support services (e.g. financial and human resources) will be provided from within the CPCA's existing support arrangements.

Annex 3 of the BEIS **Local Energy Capacity Support Grant MoU** sets out the scope of the Energy Hub and Annex 4 the KPIs and outputs to be provided by the Energy Hub.

The BEIS **Rural Community Energy Fund MoU** sets out the grant principals and governance arrangements for the fund and Annex A sets out the KPIs for the Energy Hub.

The Energy Hub operates on behalf of all LEP areas served, and their member local authorities.

16. Stakeholder Engagement

Working with stakeholders is critical to the success of the Energy Hub. The Energy Hub's Stakeholder Engagement Strategy sets out the people and groups with whom the Energy Hub should and does engage with and how this is done.

The Energy Hub was set up to work with LEPs and their local authorities to provide local capability and capacity. The LEPs through the development of their Local Energy Strategies are engaging with stakeholders and will support the Energy Hub to build relationships in their respective areas.

The Energy Hub will build relationships with local stakeholders to identify need, inform the Hub's support activities, share information and facilitate the development of local energy projects.

The Energy Hub will undertake and/or participate in a range of engagement activities to develop the stakeholder network, which may include; events, roundtables, thematic conferences, regular meetings and exchanges with advisory groups.

The Energy Hub will participate in external events, and the Hub Board members and the Regional Manager promote the work of the Energy Hub in a range of speaking engagements and events.

The Energy Hub participates in local energy conferences, supports programme development and is the BEIS local energy representative at the regional and annual

National Energy Efficiency Awards. The Energy Hub will work with other local energy promoters in Energy Hub region to promote the local energy agenda.

The Energy Hub utilises a range of communication channels to engage with stakeholders. An Energy Hub Communications Group with representation from the eleven (11) LEPs has been set up to develop and align communications activity and promote the Energy Hub; this group works to the Energy Hub's Communications Protocol and Communications Framework.

The Energy Hub has a channel on the BEIS Local Energy Team Huddle which is an online forum and networking website for LEPs, Local Authorities and other partners across England to support delivery of local energy projects. The Huddle enables collaborative working, the sharing of documents, access to resources, news and events.

17. Accountable Body

Hub Board Members are expected to liaise with their member local authorities to explore the feasibility of options identified.

If and/or when the funding model changes and revenue is generated the Hub Board will review the Terms of Reference and replace the Accountable Body Agreement with a Partnership Agreement.

If and/or when the Energy Hub receives capital funding the Hub will address the need to adopt independent due diligence for project assessment processes.
